

Weather Update - 9/11/18 - 1400hrs EST

Dear SavageMan Athlete,

We are sorry to announce that the 2018 SavageMan Triathlon has been cancelled. With the regional impact of Hurricane Florence becoming clearer a State of Emergency for Maryland has been issued. Police and medical support staff that were dedicated to the event are being deployed elsewhere in Maryland and to other states being impacted by the hurricane. This decision was not easy to make, but it is in the best interest of the athletes and the surrounding communities.

Athlete shirts and swag will be mailed out in the coming weeks to all pre-registered athletes. You can also expect an email from us in early October with your 2019 discount code good for 50% of the entry fee you paid. Next years SavageMan is set for September 14-15, 2019.

Lastly, there are 9 races left in our 2018 racing season and we hope to see you at one of those. Use discount code "Florence2018" to get 10% off any of our remaining races.

Our thoughts are with those being impacted by Hurricane Florence. Be prepared, stay safe and look out for each other this weekend.

The Kinetic Multisports Team

Weather Update - 9/10/18 - 1400 hrs EST

As many of you know, there was severe weather in Garrett County, Maryland this past weekend with flooding, road closures, and a pre-emptive evacuation on the SavageMan bike course. We have been in contact with local officials and they are working to get the area ready for this weekend's SavageMan Triathlon Festival. However, the 800-pound gorilla is Hurricane Florence, which is expected to make landfall later this week. As this storm moves inland there is potential for high winds and heavy rain impacting Garrett County immediately prior to, and during the race. We will have an athlete update to you by noon on Wednesday of this week with information based on the latest forecasts and on-the-ground information. We all want this race to happen, but if we are forced to cancel we want to give all parties enough time to alter travel arrangements.

Triathlon is an outdoor sport with inherent risk. However, SavageMan has uniquely challenging courses that become dangerous with torrential rain, washouts, and medical/police/county support that is needed elsewhere. If the race is canceled, we will mail out athlete swag over the next few weeks and send codes valued at 50% of your entry fee that are good for any 2019 Kinetic Multisports race. If you have more questions on our weather policy you can find them at kineticmultisports.com/faqs.

Thank you for your patience and understanding as the East Coast goes through one of the craziest weather years in recent memory.

Stay tuned,
The Kinetic Multisports Team
