

2019 Race Categories

Participants who must declare a category of Age Group, Clydesdale, Master's Clydesdale, or Athena must compete in that category the **entire** year to be eligible for series awards. Here is a description of each category:

1) Age Group

- Participants will automatically compete in their respective age group unless they declare to compete in one of the other specific categories.
- If you choose to compete in an Age Group, you must remain in your age group for the entire event season determined by the USAT "aging up" policy for season (see "Age Group Classification" below).
- Rules only apply to Kinetic Multisports events.

2) Clydesdale

- Men 220 lbs. and over – 39 years of age and younger.
- If you choose to race Clydesdale, you must remain in the Clydesdale category for the entire event season.
- If during the season your weight drops below 220 lbs. – you may switch to another category for other Kinetic Multisports events, **HOWEVER**, you will start over in series points. In other words, you will not be able to transfer your points into your age group category.
- **EXAMPLE:** You do 4 events as a Clydesdale and accumulate a total of 3125 series ranking points in the Clydesdale category. You then switch to your age group and compete in 3 more events. You accumulate a total of 2435 points for these 3 events in your age group. In the series rankings – you're listed in the Clydesdale category with 3125 points and you're also listed in your age group with 2435 points. You're not eligible for series awards in either category as you must compete in a minimum of 5 events in a particular category to be eligible for awards. However, you will be given credit for doing 7 events.
- Rules only apply to Kinetic Multisports events.

3) Master's Clydesdale

- Men 220 lbs. and over – 40 years of age and older.
- If you choose to race Master's Clydesdale, you must remain in the Master's Clydesdale category for the entire event season.
- If during the season your weight drops below 220 lbs. – you may switch to another category for other Kinetic Multisports events, **HOWEVER**, you will start over in series

points. In other words, you will not be able to transfer your points into your age group category.

EXAMPLE: You do 4 events as a Master's Clydesdale and accumulate a total of 3125 series ranking points in the Master's Clydesdale category. You then switch to your age group and compete in 3 more events. You accumulate a total of 2435 points for these 3 events in your age group. In the series rankings – you're listed in the Master's Clydesdale category with 3125 points and you're also listed in your age group with 2435 points. You're not eligible for series awards in either category as you must compete in a minimum of 5 events in a particular category to be eligible for awards. However, you will be given credit for doing 7 events.

- Rules only apply to Kinetic Multisports events.

4) Athena

- Women 165 lbs. and over

EXAMPLE: You do 4 events as an Athena and accumulate a total of 3125 series ranking points in the Athena category. You then switch to your age group and compete in 3 more events. You accumulate a total of 2435 points for these 3 events in your age group. In the series rankings – you're listed in the Athena category with 3125 points and you're also listed in your age group with 2435 points. You're not eligible for series awards in either category as you must compete in a minimum of 5 events in a particular category to be eligible for awards. However, you will be given credit for doing 7 events

5) Military

- Active Duty only

EXAMPLE: You do 4 events as Military and accumulate a total of 3125 series ranking points in the Military category. You then switch to your age group and compete in 3 more events. You accumulate a total of 2435 points for these 3 events in your age group. In the series rankings – you're listed in the Military category with 3125 points and you're also listed in your age group with 2435 points. You're not eligible for series awards in either category as you must compete in a minimum of 5 events in a particular category to be eligible for awards. However, you will be given credit for doing 7 events

6) Novice

- Anyone may race in the Novice category – there are no qualifications.
- The Novice category is designed for people who are new to the sport or do not feel comfortable racing in their age group.

- Novices compete against each other for event awards, but do not compete against age groupers for event awards.
- You may begin the season as a Novice and then switch into your age group (or another category) at any time.
- Novices do NOT receive any series ranking points.
- Novices begin all Kinetic Multisports events at the back; in the last wave in open water swims. This is done for safety reasons so that Novices are not being passed by faster age groupers during the swim or the bike. For events with a pool swim Novices will be ranked with everyone else according to swim time submitted.
- Rules only apply to Kinetic Multisports events.

7) Duathlon (Not available at all events)

- Anyone may race in the Duathlon category
- Scoring for the Duathlon is based on overall finish not age group
- You may switch between Duathlon and Triathlon throughout the season, but they are scored separately having a Triathlon Series and a Duathlon Series.

7) Aquabike

- Anyone may race in the Aquabike category
- Scoring for the Aquabike is based on overall finish not age group
- You may switch between Duathlon; Triathlon & Aquabike throughout the season, each will have their own series scoring.

8) High School

- You must be a High School Student to race in this category

9) Collegiate

- You must be a College Student to race in this category
