# Westernport Wall Rules of the Wall

1. Get to the top without a stop gets you a brick in the wall! Do NOT stop at the top of the wall to rest, you must continue your way to the finish.

2. If you stop on the wall or put a foot down, you **MUST** release your bike to a volunteer! The volunteer will take your bike to the top of the Wall and place it on a bike rack for you to retrieve it.

3. If you do stop you **MUST** move to the grass path at the side of the wall to make your way to the top. If you try to stay on the course you will be asked/told to move to the side, this allows your competitors their fair chance at making it to the top of the wall.

4. You **MUST** stay straight on Rock St (Westernport Wall) while approaching the Westernport wall. You are NOT allowed to go off course i.e. turning right or left on a side street for any reason. If you turn left on Spruce St it is the detour route and you MUST continue the detour route.

5. In order to earn a brick you **MUST** finish the race before the cutoff.

6. Those who are in the Aquabike category can earn a brick.

7. Those who are in the Relay category can NOT earn a brick

Kinetic Mulitsports will pay for the brick that goes into the road, you can purchase a brick via our online store **HERE.**  The bricks are usually placed in the road in the late spring early summer of the following year of the race.
