

A Message from the Race Director

Dear Athletes,

It is with great pleasure that I welcome you to another Kinetic Triathlon Festival, presented by Kinetic Multisports. Located at Lake Anna State Park, VA, this race weekend is one of the favorites and now shares the name the series. This event would not be possible without the support of the local towns and counties. Please take a moment out of your day to thank all the volunteers.

Training for a triathlon, whether it being your first or twentieth, is a challenging endeavor and we know you have worked hard in the weeks and months leading up to this event. Getting to the starting line is a success and we hope to make your race day experience positive and fun while helping you to achieve your athletic goals. The rest of the team and I thank you for being here and will be doing everything possible to help you reach the finish line. If you have any questions, concerns, or feedback, please do not hesitate to let us know.

Each rack holds 6 bikes, with positions on racks being based on a first come, first serve basis. To the right is an example of how your transition area should be organized. Please be courteous of the space and belongings of other racers before, during, and after the race.

Transition Security: Please note that once your race is over, many others are still racing. We will be allowing athletes into the transition area to get their bikes and other gear when possible. Be considerate of others still racing.

Body Marking

After racking your bike, proceed to the body marking area located near the Packet Pick Up & Transition Area. (marked by a tear drop flag). Triathletes must be marked at least 30 minutes before the race and must bring their bib number for verification. **You MUST have your BIB to get body marked!**

3. The number with 2 numbers together is to be folded over the top tube or seat post of your bicycle. It is self-adhesive.

Please refer to the Kinetic Multisports website under Novice Athletes for more information on number placement.

Timing Chips

Please be aware of the following procedures to insure successful timing of your event:

- All participants will receive their ChampionChip on Race Morning at the Chip Pick-Up Area. This will be located by the transition area. You are **REQUIRED** to show your paper bib number in order to receive your timing chip. Body marking is **NOT** an acceptable Bib number!
- Along with the timing chip participants will receive a neoprene chip strap. It is **REQUIRED** that all participants wear the timing chip on their **LEFT** ankle as shown.
- **You MUST RETURN YOUR CHIP at the finish line. Athletes who lose their Chip or fail to return the chip after the race will be assessed a \$30 charge!**
- IF YOU ARE NOT ABLE TO FINISH ANY LEG OF THE RACE YOU MUST TURN IN YOUR TIMING CHIP BEFORE CROSSING OVER ANY ADDITIONAL TIMING MATS. IN THIS EVENT TAKE YOUR TIMING CHIP TO THE TIMING CHIP COLLECTION AREA NEAR THE FINISH LINE AND INFORM THEM OF YOUR DECISION.

Water Safety

Water Temperature

The typical water temperature for the swim is usually in the upper 60s low 70's this time of year.

The water temperature for each open water event is taken and posted on the Kinetic Multisports Facebook page, 36-48 hours before the posted packet pick-up time. This temperature reading is a preliminary reading. The official water temperature to determine wetsuit eligibility will be taken on race morning about 60—90 minutes prior to race start by the USAT official on site.

Wetsuit Rules

Kinetic Multisports abides by USAT cutoffs concerning water temperature and wetsuit eligibility:

78°F or below: Wetsuits ARE Allowed

78.1°F to 83.9°F: Participants may wear a wetsuit at their own discretion; however, wearing a wetsuit in this temperature range will mean that the athletes are ineligible for awards. Wetsuit wearers results will be located in the category results in a Wetsuit section and not in the Overall results.

84°F and above: wetsuits are NOT permitted—this is for your own safety.

Water Safety

Lifeguards will be available throughout the swim course to ensure your safety. If you need assistance, roll on your back and put your hand straight in the air to signal a lifeguard to your assistance. You may hold on to a lifeguard's surfboard or kayak but using a lifeguard for forward progress will result in a DQ.

In the case of strong water currents, please keep aware of your surroundings and sight for buoys frequently.

If for whatever reason you do not finish the swim it is mandatory that you immediately check in at the finish line tent and report that you DNF'ed (Did Not Finish) the swim.

A yellow wiggly man will mark the exit of the swim. Be sure to sight for the wiggly man in the final straightaway of the swim.
