

2021 Race Weights and Scoring

Event weights for 2021 will be roughly based on criteria established by USA Triathlon for the purpose of administering their national rankings system. All Kinetic Multisports events will be weighted based on distance and size of event as well as multiplier if it has a championship status (ie; USAT Regional Championship, Collegiate, etc) The event weight index will be used to calculate scores for all participants (See Scoring below).

Event Weight Classification Table

EVENT DISTANCE	DISTANCE FACTOR	DEPTH OF FIELD FACTOR (300+ FINISHERS IN 2019)
Sprint	0.91	0.92
Olympic	0.92	0.93
Long Course (Half)	0.93	0.94
Championship or Qualifier Status	+ 0.01	+ 0.01

Based on the above formula the event weights for the 2021 Kinetic Multisports events will be as follows:
