

Diamond in the Rough Swim Course_1500/750 Meters - 39°32'47.70"N, 76° 3'1.10"W

Note: This is an in-water start. Athletes may go on either side of the orange round buoys, but must go around the yellow buoy (on your right shoulder). Olympic is 2 loops, Sprint is 1 loop. Access to water is via swim ladder. No pre-swimming, no jumping, no diving!

Diamond in the Rough Olympic Bike Course_26.8 Miles

Note: This is a fun, technical bike course with lots of turns, up and downhills. Course is open to traffic.

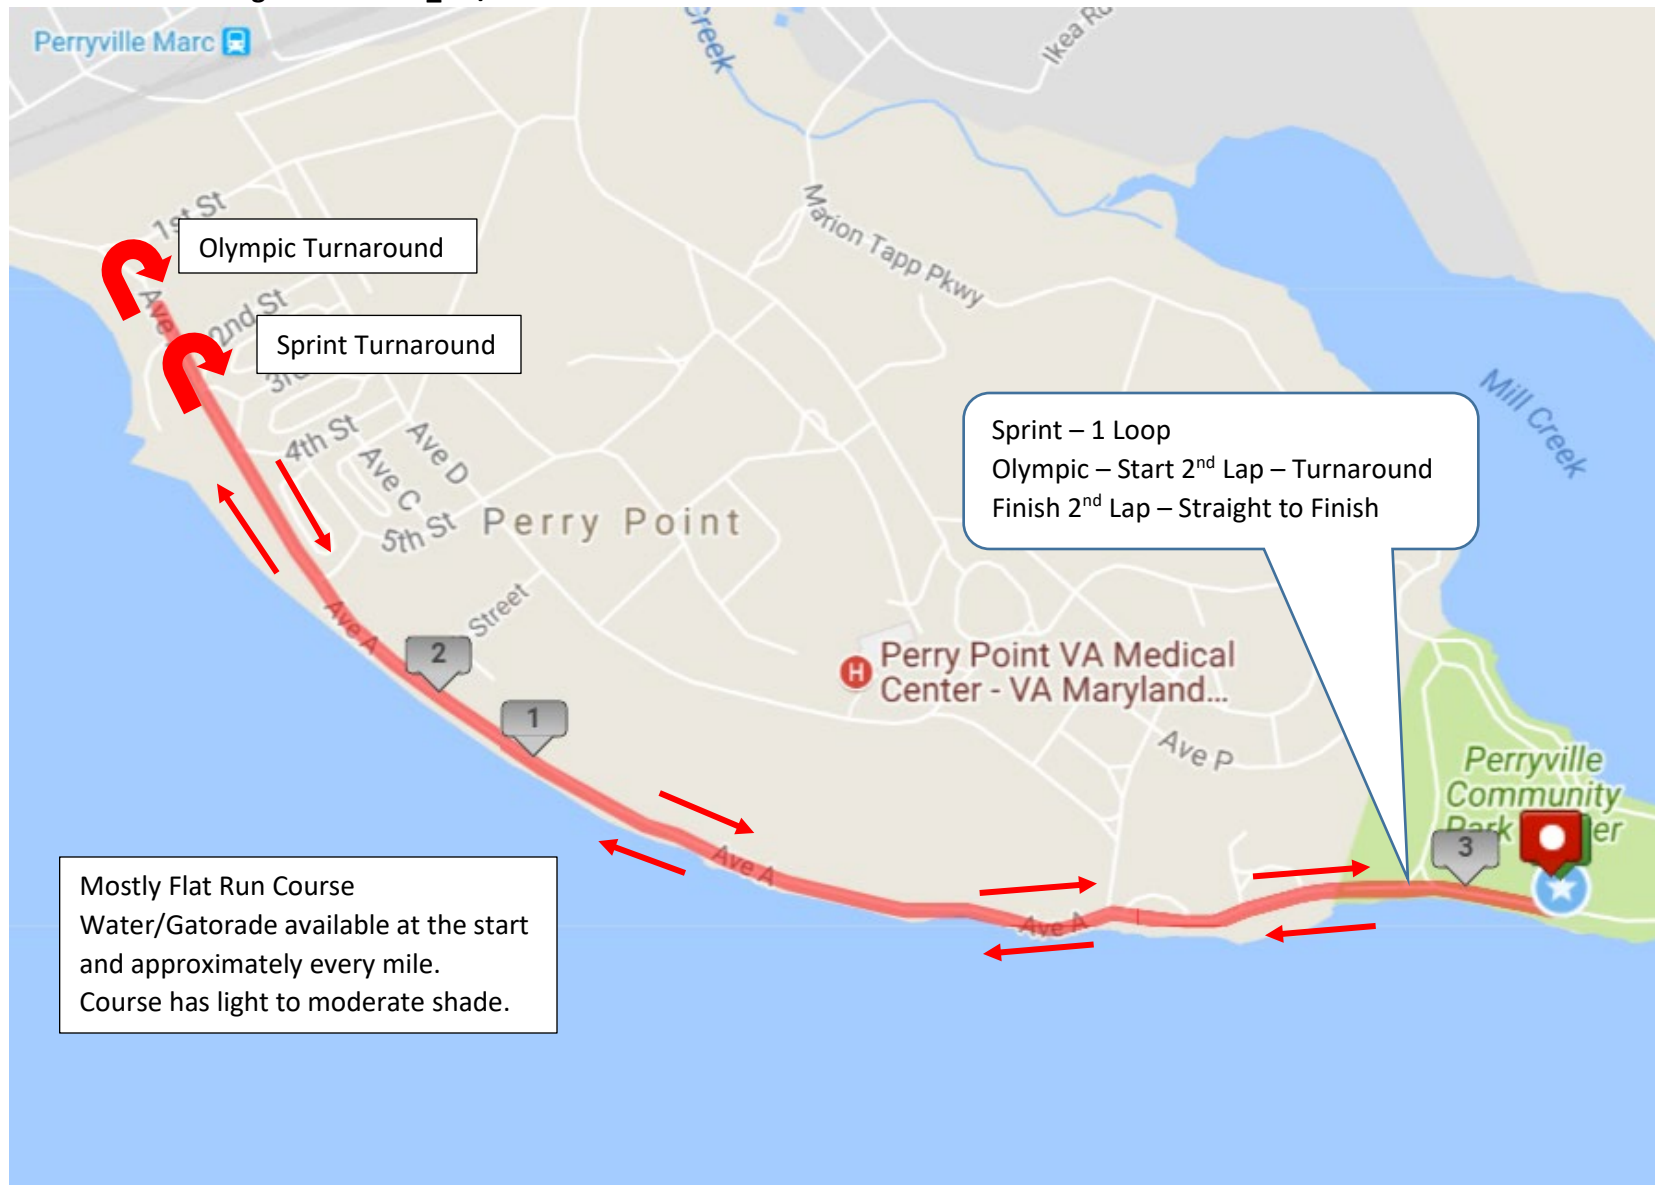

Diamond in the Rough Sprint Bike Course_8.0 Miles

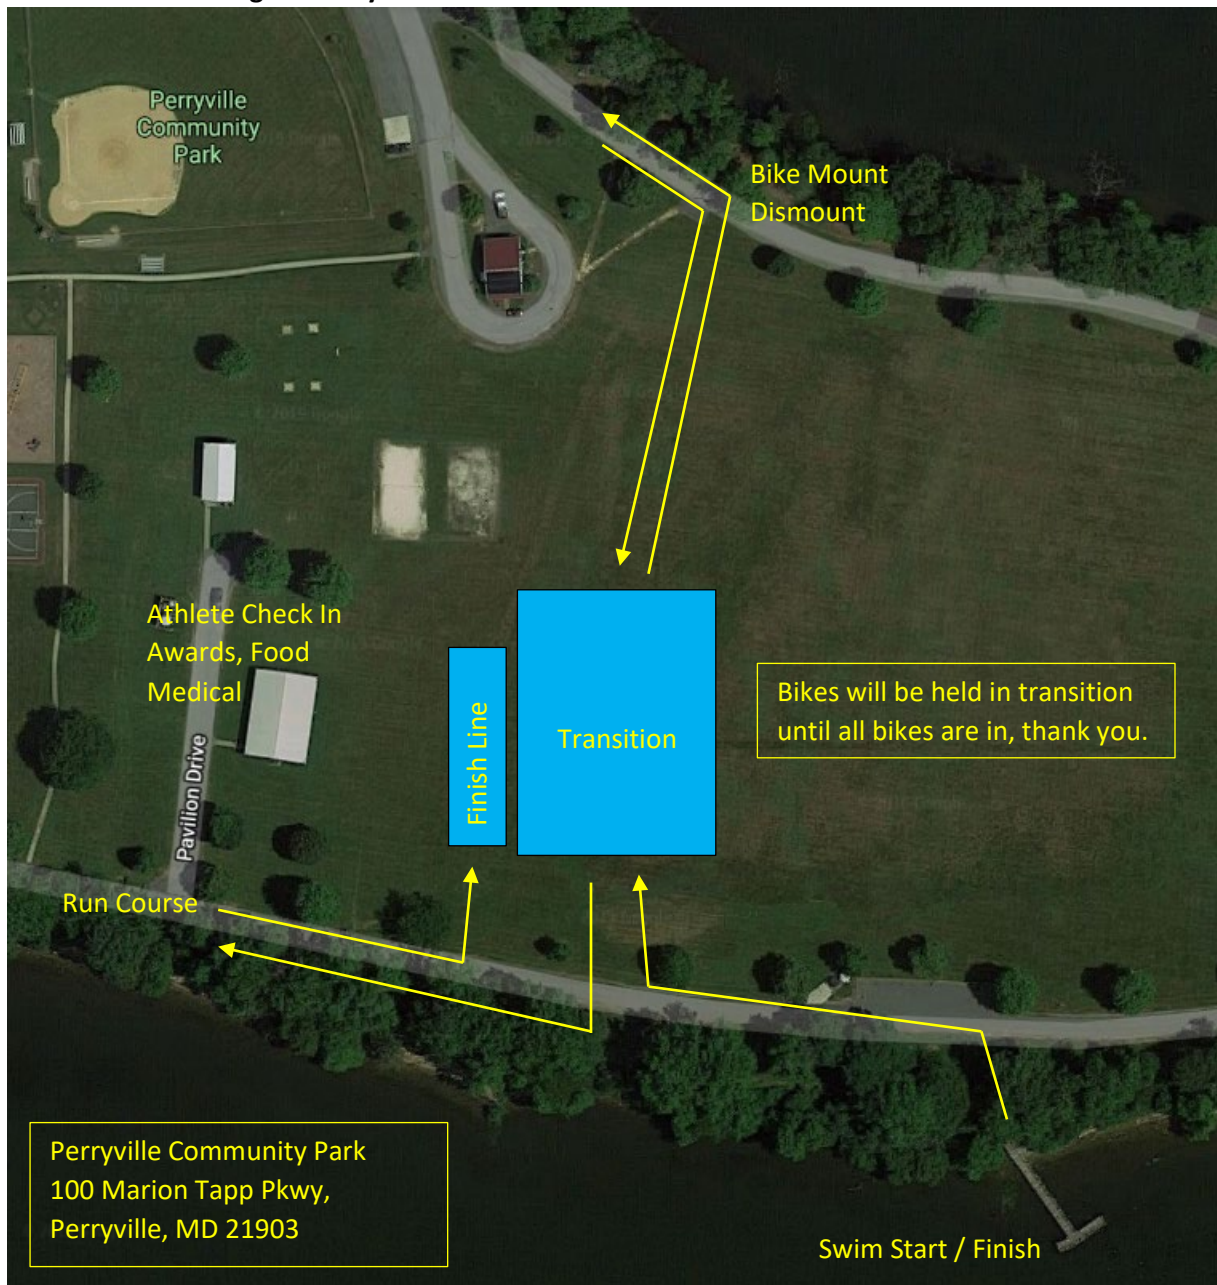

Note: Hilly, out and back, low traffic course. Mostly farms and forests. Course is open to traffic, intersections are controlled.

Diamond in the Rough Run Course_3.1/6.2 miles

Diamond in the Rough Parking

Thank you for choosing the Diamond in the Rough Triathlon! This is a great event at the top of the Chesapeake Bay brought to you in partnership with the Town of Perryville and Cecil County. As with all races there are some logistics to master to make your day a success. The main road leading into the park is rather narrow and is not safe for cars and bikes at the same time, so the road is **CLOSED** from race start until all the bikes are in. **So, if you would like to leave PRIOR to approximately 10:45 AM, park at the fire house located 1.35 miles from the race site and ride/walk in. Be sure to let spectators and family know to arrive by race start, not when they expect you to finish.** Lastly, if you park at the race site, please follow the direction of our parking volunteers and park only in paved spaces, not on the grass.
