2027 Race Weights and Scoring

All Kinetic Multisports events will be weighted based on distance and size of event as well as multiplier if it has a championship status (ie; USAT State Championship) The event weight index will be used to calculate scores for all participants (See Scoring below).

Event Weight Classification Table

EVENT DISTANCE	**DISTANCE FACTOR**	**DEPTH OF FIELD FACTOR** **(300+ FINISHERS IN 2026)** **(USAT State Championship)**
Sprint	0.91	0.92
Olympic	0.92	0.93
Long Course (Half)	0.93	0.94
Championship or Qualifier Status	+ 0.01	+ 0.01

Based on the above formula the events for the 2027 Kinetic Multisports events will be as follows. When USA Triathlon State Championships are announced these race weights will change.
